Discover the Joy of Smart Living

It's time to make your home a Smart Home

With Retrofit Home Automation Solution

About Smart Node

Smart Node is an innovation by a team of young IoT enthusiasts, who believed in the 'Make in India' concept. We have an in-house team for the design, development, and production of all the products.

Silicon India has awarded Smart Node the **"most promising home automation"** startup.

Smart Node Won **"The best home automation startup"** in Switch Expo.
