

## Scene Controller

Model No: S.4

### Technical Attributes

|                                     |                         |
|-------------------------------------|-------------------------|
| Module size                         | 2M                      |
| Mode of operation                   | Touch, IR remote, Voice |
| Color                               | Black and white         |
| Product (module) dimensions (in mm) | 52mm x 40mm x 20mm      |
| Product (module) weight             | 40gms                   |
| Operating voltages                  | 100-240 VAC.            |
| Operating temperature               | 0°C - 65°C non condense |
| Shock proof                         | Yes                     |
| Water resistance                    | No                      |
| Warranty                            | 5 Years                 |

### Touch Switch

|                               |                            |
|-------------------------------|----------------------------|
| Module size (touch switch)    | 2M                         |
| Touch switch dimension        | 45mm x 45mm x 20mm         |
| Touch switch shock proof      | Yes                        |
| Touch switch water resistance | Yes                        |
| Contact type                  | Capacitive                 |
| Switch type                   | IR switch                  |
| Mounting type                 | Wall mount                 |
| Button touch switch           | 4                          |
| Remote control working range  | 8 meter                    |
| Wireless type                 | Wi-Fi 2.4 GHz 802.11 b/g/n |
| App support                   | Android / iOS              |
| Controller type               | Third party application    |
| Warranty                      | 5 Years                    |
| Weight                        | 26 gms                     |

### Features

Internet Independent scene execution

8 scenes in 4 switches

Support for tap and long press

IR remote touch control
