Product Description

The bezel is a premium outer frame designed to provide a sleek and refined finish to Touch panels.

Crafted from high-quality materials with options for matte, glossy, or metallic finishes, these bezels not only enhance aesthetics but also ensure durability and smooth integration into modern interiors. Color options are available to match project-specific design themes.

***Note:-** Bezel only available for **Ariva** Touch Panel.

Bezel	Module Size
TB2.1	2M
TB3.1	3M
TB4.1	4M
