SI.HL 4" SCREEN

4" SCREEN

HOME LINK LITE

PRODUCT DESCRIPTION

This product features an 480*480 high-definition display screen. The built-in Wi-Fi gateway allows for smart home device control, scene interactions, device automation, and remote app control.

By installing it in the wall electrical box at home, users can easily manage their smart devices, including air conditioners, lights, curtains, switches, and more, through the touch screen or mobile app.

FEATURES

- Fit Asian 86mm*86mm wall boxes for simple in-wall installation.
- 4-inch HD LCD multi-touch screen, dual array microphone, auto light sensor, built-in 1W speaker.
- Control lights, curtains, switches, sockets, curtains, and air conditioners are five types of room devices.
